*High quality endoscope search kit designed to give the searcher good visibility and portability when searching vehicles and buildings.*

*The submersible insertion tube of the flexible endoscope has been fully protected for use in petrol tanks. The ergonomic design of the handle allows one handed operation of the controls.*

*Flexible endoscopes are available in 6 or 8mm dia , standard length 2030mm. The endoscope is illuminated by a high powered xenon portable light source fitted into a battery waist belt for optimum portability.*

*The kit comes supplied complete with battery re-charger in a robust carry case.*

**TOP-OPTIC**

## SPECIFICATION
